LETTER FROM FRENCH FRONT

Mrs. Pearl S. Keller has received a very interesting letter from a friend who is a part of the expeditionary force and who is now on the front somewhere in France. She has kindly permitted the Sentinel to publish such portions as will be of general interest. It was written soon after arrival on French soil. It is dated: Company F., Eighteenth Regiment Engineers Railway, U. S. A. and reads as follows:

"We are now on what I think is our base camp for at least a part of our work, and though I know nothing of what we are going to do, or where we are going, I have a general idea of what our work is to be.

"We are here primarily to build railways, broad gauge in the rear, narrow gauge near the front. I suppose I can safely say that this is a thoroughly beautiful country. It fulfills my expectations and the people are certainly REAL people, most courteous and kind and eager to be of assistance to the American soldiers. The French soldiers are all ready to assist the Americans in making the correct change and also to see that we get our value, but the tradespeople, as is natural, take what advantage they can.

"The French people have certainly made sacrifices beyond what any American can imagine who has not been here. With the exception of the extremely old men, all Frenchmen are in uniform, and in spite of all they have gone through and what they are now enduring, they are cheerful and try their best to enjoy themselves.

"Last night they gave us leave to go outside, and my special friend, an engineer of several years' acquaintance, with two others and myself, went down to the near-by town and had dinner at a real French restaurant in a real French town on a river. We sat on an open veranda overlooking a space filled with little tables and the streets on two sides and the river beyond the street. The tables were all crowded with American soldiers and French officers and soldiers in their many colored uniforms, all with women, drinking their wine and eating French bread, the men and women smoking cigarettes,—very few electric

lights so that everything was in a half light.

"There were French soldiers who had just returned from the front with their packs on their backs, drinking a bottle of wine with their close friends in celebration of their return, all extremely happy and care-free. Other French soldiers with their packs on their backs, loaded heavily with parting gifts, were on their way to the front, sitting at tables with their immediate friends and their women, drinking their wine but not so boisterously happy. They seemed sober, with a half forced smile on their faces.

"At other tables French officers in their bright hued, many-colored uniforms, rich with gold braid, their wives or their sweethearts with them, were drinking their wine and eating sparingly of bread, and all smoking cigarettes. At each little place there are tables on the narrow sidewalks. Right across from our table was the river, with all kinds of boats on it, and lights along the river until they faded away into the distance.

"I have seen little of France so far, but you must come and see this country after this war is over. It is certainly worth seeing. We met a French officer with his wife and he was kind enough to explain the menu to us, so we were soon talking. I did not talk a great deal but my part was to keep his wife, who could not speak English, supplied with cigarettes and light them for her. I happened to have the best cigarettes, so won out. Each time she would say something in French and smile. I did not know what she was saying, so would try to smile and reply in Indian jargon, which no one else understood, so I was safe.

"To get back to the meal, we had an excellent dinner for 4½ francs (about 90c each) that would have cost us \$4.50 in the United States also a bottle of wine that was bottled in '96.

"Allow me to explain that we have to use U. S. postage, and if we have no stamps we send the letters with a notation in place of a stamp and the postage is collected; so if you have to pay for some letters, the reason is that there are no stamps to be bought, which is often the case. The censor is very strict, so the letters may seem uninteresting, as we can say nothing

regarding our work either as to character or location."

MRS. KIMBERLY'S INJURIES

Friends of Mrs. Charles Wallace Kimberly will learn with concern that her injuries have proved more serious than was at first known. Last Friday an X-ray was taken and the discovery was made of a fracture of the small bone in the left leg, which is now in a plaster cast. Mrs. Kimberly is under the care of two nurses and is improving slowly. She will soon be able to see her friends.

CAMP LIBRARY FUND

The following additional contributions were made in Tropico to the Camp Library Fund:

Mrs. E. F. Tholen	50
Mrs. Luella M. Bullis	25
Mrs. E. J. Bennett	25
Miss Moulton	25
Miss Churchill	25

\$1.50

This brought Tropico's total up to \$12.

The librarian has received an acknowledgment from Mr. Perry, Director of the fund for Southern California in which he says that while Tropico has not done her share she has up to date done better than Glendale, the latter town having reported a contribution of five dollars only.

He also expressed his regrets that Glendale and Tropico are taking so little interest in the matter; that few places in Southern California had done so little.

Perhaps Tropico's excellent record in Red Cross work may partially excuse her indifference to Camp Libraries. A small town cannot be expected to be too wide in its sympathies. Although the campaign is supposed to be closed it is not too late for others to leave their contributions at the library and make good Tropico's full share.

Mr. Perry reports his total to date as \$15,500.

CHARLES H. CUSHING.

Farewell Reception

Last Thursday evening a large gathering of members of the Tropico Methodist Church assembled in the Social Hall for a farewell reception to Rev. Don S. Ford, who has been transferred to Taft. It was an impromptu affair and quite informal, but was all the more enjoyable for that reason. Pastor and people were sorry to separate but accepted the dictates of the Conference with philosophy, and Mr. Ford will be followed by the good wishes of all of Tropico.

The new pastor, Dr. C. P. Corey, conducted services last Sunday.

Bring box lunch and cup.

Mr. Davis reports that fuel is hard to get, especially coal which will cost \$1 more a ton than last year.

PATRIOTISM AND YEOMANRY

The Brotherhood of American Yeomen annually sets aside one meeting night of the month of October as children's night.

The local Homestead has taken advantage of this open meeting to make it one of a patriotic nature. While the original idea will be carried out, the youthful talent will be turned into channels of a nature befitting the time and the glorious cause in which the Stars and Stripes are now arrayed against the greatest despots and barbarians of all history.

The program will be followed by dancing and a general good time.

Local Yeomanry invites all its friends to be with it on the evening of October 19th.

Reciprocity Meeting

Mrs. Wesley Bullis, president and Mrs. J. Herbert Smith, corresponding secretary, represented the Thursday Club at a delightful reciprocity meeting held by the Glendora Woman's Club last Monday.

Mrs. Bullis reports that the club house, which is very handsome, was charmingly decorated for the occasion, and that the entertainment included an automobile tour of the city, a luncheon which was beautifully served at small tables, and a nice program consisting of greetings and responses, an address by Mrs. Mattison B. Jones, District President, and fancy dancing and whistling numbers by Los Angeles talent.

News from Dwight Stephenson

Last Saturday friends of Dwight Stephenson bade him Godspeed as he boarded the train which conveyed another quota of soldier boys to Camp Lewis. Dwight was in charge of ten selects from this district. He was the only Tropico representative, but there were three from Glendale, viz. John Dunne, Paul Steinmeyer and Percy Mac Intyre. In a postal card received by his mother since he left Dwight stated he had "the finest bunch of fellows who had left Los Angeles County yet." They expected to reach Camp Lewis Tuesday morning.

Sweater Problem Solved

Mrs. Willard of Madison Court who attended the last meeting of the Friday Morning Club of Los Angeles, brought back the welcome news that the recently organized auxiliary in that club will take the gray sweaters knitted by workers in the Tropico Auxiliary and give the Auxiliary good brown yarn in exchange. Under the present regulations U. S. soldiers are not permitted to wear sweaters of any color except khaki, but the boys in the navy are permitted to wear blue or gray ones. Gray yarn is also used for sweaters sent abroad by the Los Angeles Red Cross Chapter. Some of the Tropico knitters however, were trying to manufacture sweaters for our own U. S. boys and were greatly disappointed when it was learned that the gray ones would not be accepted. This exchange, if effected, will give them a chance to start over again.

Christmas Cards

There will be a special Epworth League meeting Saturday night, October 20th, at the Social Hall of the Methodist church, to prepare picture postal cards for the Christmas boxes of the soldiers. Interesting cards will be welcome even if they have been used, as they will be fastened together with Christmas ribbon.

Popularity Contest

In the popularity contest inaugurated by "The Explosion," James Mc-

Clusky, one of the favorites in Union High, is ahead, or at least he was when the Sentinel received its last report.

San Francisco Prices

Mrs. H. S. Ryerson, instructor in knitting of the Tropico Auxiliary has learned that the Emporium of San Francisco is making great concessions in prices to Red Cross organizations furnishing yarn for them at prices 10 to 15 cents cheaper than it can be bought in the Los Angeles stores, and needles at reduced prices.

THE BLACK MONK

No moving picture has thrilled and interested the Los Angeles public to the extent that "Rasputin, the Black Monk," now in its second week at Clune's Auditorium, has done. There are several reasons for this.

In the first place, the "Black Monk" is based upon the most important historical events in Russia. "Rasputin, the Black Monk," dominated the Imperial Court for a period of at least a dozen years. His personal habits and brutal characteristics have been commented on in the daily press and the whole world realized that he was a fakir and imposter before these facts reached the ear of the Czar.

Although Mr. Clune had booked another big picture for Clune's Auditorium, he acquiesced to the countless requests of the Auditorium patrons and decided to continue the run of this remarkable picture for another week.

"BILLY" AND "DOUG" AND THE MARINES

Billy Sunday and Douglas Fairbanks' teams clash on Baseball Diamond. Proceeds go into amusement fund for "ourboys" in Training Camp and Over Seas.

The bleachers and grand stand at Washington Park in Los Angeles have rarely held a crowd such as they did that Monday afternoon. It was the occasion of the long-looked-for diamond battle between "Smiling Doug" Fairbanks, the film idol, and Billy Sunday, world renowned evangelist. The proceeds were to go into a fund to provide our "Sammies"

with baseball paraphernalia and other equipment to help pass away monotonous hours in training camp and behind the lines in France.

It was a close game—every bit as exciting as those seen in the "big leagues." When the smoke of battle had cleared away, athletic Douglas had just topped his ex-ball player opponent by a sin-

gle run. The score was 1 to 0.

The Marines, as usual, were in attendance, as shown in the illustration. Clean sport is as much a part of their life as is the sterner duty of bearing arms. The United States Marine Corps Recruiting Station of Los Angeles is still attracting young men who are able to successfully pass the examination.

A Possible Substitute for Rubber

The Committee of Scientific Research of which Dr. John C. Merriam of the University of California is chairman, has reported a most interesting piece of scientific research by this special body of investigators which is being carried on by Dr. Hall

and Dr. Goodspeed of the University of California, on the rubber content of the rabbit bush, a common and widely distributed plant of the desert region. Hopes are entertained of an efficient substitute for the manufacture of rubber being obtained from this plant.

PROCEEDINGS OF BOARD OF TRUSTEES

All members were present when the board was called to order except Trustee Veselich who arrived after the reading of the minutes. An audience of considerable proportions was also present to learn what action the board might take with reference to the Glendale consolidation petition.

Trustee Seal challenged the minutes as read by Clerk Van Wie on the ground that they should have included a verbal statement by Attorney Shaw that the petition was not filed September 25th which was in contradiction of his written opinion. Attorney Shaw denied and members of the board sustained his denial that any such verbal statement had been made by him at the meeting of October 11th. On request of Trustee Seal the attorney's written opinion on the legality of the petition was again read by the clerk.

A motion by Trustee Henry, seconded by Veselich approving the minutes as read was then carried by three votes, Alpach not voting and Seal voting "No."

Back Tax Penalties

Under the head of communications, Clerk Van Wie read a letter from the City Clerk of South Pasadena relative to correspondence had by him with County Auditor Lewis concerning redemption penalties and interest on taxes collected by the county for municipalities which have been withheld by the county, but which have been ordered by the courts to be computed and restored to the cities to which they belong. Auditor Lewis expressed the hope of being able to take up the matter and bring it to a satisfactory adjustment very soon. The communication was ordered placed on file.

Liberty Loan Subscription

A communication from the Liberty Loan Committee asking the Board to subscribe for Liberty bonds was taken under advisement, and Clerk Van Wie was instructed to make a report on city finances at the next meeting to enable the board to de-

termine whether it could make such an investment.

Telephone Franchise Tax

A letter from G. E. McFarland of the Pacific Telephone and Telegraph Company enclosing cheque for \$133.66 being 2 per cent of gross earnings as per statement enclosed, to which Tropico is entitled as a franchise tax under Ordinance No. 48, was submitted by the city clerk who stated that he had made acknowledgments to Mr. McFarland.

Under the call for verbal communications Mr. Ed Ayers asked when the board considered that the Glendale petition had been filed was informed: "September 25th."

Invitation to Board

Rev. Henry Goodsell of Palmer avenue invited the board to come in a body or send delegates to a reception to be given the new pastor of the Tropico Methodist church, Dr. Corey, Thursday evening, which invitation was accepted on behalf of the board by President Peters.

Lights and Signs

City Marshal Gould reported that his count of street lights totaled 105; also that the danger signs in the proximity of the Cerritos school had been placed.

Vote Canvass

The board then canvassed the bond election vote cast October 10th and adopted a resolution declaring the proposition defeated.

Consolidation Election

The board then adopted a resolution calling for an election Wednesday, November 21st, to vote upon the consolidation of Tropico and Glendale, all members voting "yes" except Seal who voted "No."

Telephone Transfer

At the suggestion of President Peters the board voted to have the telephone at present in the Building Inspector's office transferred to the residence of City Clerk Van Wie. The board also authorized the Building Inspector to replace broken window panes in the city jail and the engine room.

Demands

The following demands were then approved and ordered paid: So. Cal. Edison Co., \$206.94; Andrew Baker, (street labor) \$7.50; Election Boards

\$60.00; So. Cal. Gas Co., 34c; S. E. Brown, miscel. expense \$4.88; A. J. Van Wie, miscel. election expense \$3.24.

The board then adjourned.

1565—1917

Out of the sixteenth century comes an appeal for the Liberty Loan:

The speech made by the Prince of Orange in 1565 when the Netherlands confederacy was threatened by Philip II of Spain as the world is periled today by Emperor William of Germany, is as direct an appeal today to the nation for funds to carry on the war as any that can be made in this twentieth century.

The Prince of Orange in 1565 said: "Let not a sum of gold be so dear to you, that for its sake you will sacrifice your lives, your wives, your children, and all your descendants, to the latest generations; that you will bring sin and shame upon yourselves, and destruction upon us who have so heartily striven to assist you. Think what scorn you will incur from foreign nations, what a crime you will commit against the Lord God, what a bloody yoke you will impose forever upon yourselves and your children if you now seek for subterfuges; if you now prevent us from taking the field with the troops which have enlisted. On the other hand what inexpressible benefits you will confer on your country, if you now help us to rescue that fatherland from the power of our enemies"

Great Help.

"My children are very fastidious about their eating. Sometimes I envy the mother birds."

"Why so? They have to work very hard to feed their young."

"Yes, but there's no kicking about this and that. The youngsters don't know what they are going to have for dinner until it is halfway down their throats."—Louisville Courier-Journal.

Our National Anthem

The Star Spangled Banner

O, say can you see by the dawn's early light,
What so proudly we hailed, at the twilight's last gleaming,
Whose broad stripes and bright stars thru the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rocket's red glare, bombs bursting in air,
Gave proof thru the night that our flag was still there!
Oh! say does the star spangled banner yet wave
O'er the land of the free,
And the home of the brave.

On the shore dimly seen thru the mist of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze o'er the towering steep,
As it fitfully blows, half conceals, half discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected, now shines on the stream;
'Tis the star spangled banner, oh! long may it wave
O'er the land of the free,
And the home of the brave.

Oh, thus be it ever when freemen shall stand
Between their loved home, and the war's desolation;
Blest with vict'ry and peace, may the heaven rescued land
Praise the Power that hath made and preserved us a nation;
Then conquer we must, when our cause it is just,
And this be our motto, "In God is our trust,"
And the star spangled banner in triumph doth wave
O'er the land of the free,
And the home of the brave.
